From Pastor Elizabeth:

Greetings in the Name of Jesus our Messiah and soon coming King!

If we begin our count on the first Sunday that we did not congregate in our church building (March 15), we are now at Day 11. Over this past week and a half, we have watched our nation become more and more isolated from other nations as our borders have closed to non-essential travel, and other nations have closed their borders, as well.

We have watched businesses and service organizations close their doors, and schools shut down. We have watched as restaurants stopped serving in-house meals, and places of entertainment, beaches and gyms go silent and dark.

Now, we are left alone with our God to ponder the mysteries of our great salvation and to explore the wisdom of God's word. This is God's time, and we are God's people. We are the Church.

Let's turn off the TV and radio for a while and open wide the lines of communication with our Father. In the silence that we have received as a gift during this kairos time, let us take advantage of it by setting aside significant spaces in time for devoted conversations with God. Forsaking all else for a time, let us give to God our full attention, and listen for God's voice.

-Pastor Elizabeth Coleman
